Daycare

Summer vacation

With the start of the new school year, summer vacation is unfortunately over. We had six incredibly fun weeks, during which we went backpacking around the world for six weeks. Each day focused on a country. We did different types of activities appropriate to that country. Think cooking activities, sports activities and craft activities.

Daycare theme Pets

The daycare center will start a new theme next week: Pets. They will be working with real materials that fit different types of pets. What a mess of animals

Entrance RH 919

Starting with the new school year, parents of the entire daycare will enter through the front door at RH 919

Parents will ring the bell at the desired group and walk through to the connecting door. All parents have received instructions via email or parent app Konnect.

Education

Start of a new school year

The new school year has been in full swing for a week now. We hope you and your child(ren) had a nice and relaxing holiday. We are delighted to see many new faces at our school again. Especially for the new children and parent(s)/guardian(s) it is an exciting time. Together we are going to make it a nice and instructive year.

Arrive on time

In the kindergarten groups, the doors open at 8.15am. You say goodbye to your child outside. The children enter the school on their own. A teacher/teaching assistant will be outside to guide the children. We will start at 8.30am, so please make sure your child is at school on time. It is nice if we can all start the day on time.

Groups 3 to 8 can also enter from 8.15. The first bell rings then. By the second bell, which rings at 8.30am, your child should be in class as lessons will start. This also applies to children starting in the gymnasium. Classes there also start at 8.30am. Please be mindful of the changing time your child needs?

You understand that it is not nice for the children and teachers if lessons are constantly interrupted by latecomers.

It is important to arrive on time for school.

Gruit

As we like to encourage healthy behaviour as a school, we gruit. This means that your child has a vegetable or fruit snack with them for each morning break. This way, we can encourage healthy eating behaviours. Please make sure that your child (especially the younger children) can easily eat this themselves (e.g. an orange with the peel already removed, an apple cut into pieces). As morning break is short, the teacher does not have time to peel oranges, apples, etc. for every child.

We often see children bringing both fruit and a biscuit for snack time. This is not the intention. Please only give fruit/vegetables for the morning snack, then it is clear to everyone.

Gym

Good, fitting gym shoes with a firm sole (no black ones) are very important for growing children.

For kindergartners, who have PE every day, a plimsol shoe or a shoe with Velcro is very useful (no laces). We leave the kindergartners PE shoes at school. They do not need gym clothes.

For safety and hygiene, children from group 3 onwards wear gym clothes during gym class: a sports shirt with shorts or a leotard. The children bring these gym clothes to school on gym days. Long hair is tied up and jewellery is taken off.

Calendar

Your child has been given the annual calendar this week. One has been distributed to each family. If you are separated and both need a calendar, please ask Miss Roshnie/ Miss Rahieda or the group teacher.

Lice control

After every holiday, the children's hair is checked for head lice by a group of parents. In addition, it is recommended that you yourself also check your child's hair regularly so that we can prevent a lice infestation. If you find lice/nits in your child's hair, please take appropriate action. Please also inform your child's teacher. At the pharmacy or drugstore you will find effective remedies, but combing the hair thoroughly with a lice comb every day is also very effective.

Smartphones/ smartwatches

We see more and more children bringing smartphones and/or smartwatches to school. We understand that times are changing and that these items are becoming more and more a part of it. We also understand that it

is sometimes convenient to be able to contact your child if, for example, he/she goes to play at a friend's house after school or if your child comes to school alone. However, we would like to remind you and the children that smartphones and smartwatches should be switched off during school hours (from 8.15am - 3pm). Please also discuss this with your child.

Start of TSO

The new school year has started and so has TSO (between-school care). If you would like to register your child for this, please send an e-mail to r.bachoe@librijn.nl.

On Tuesday 29 August, the first collection will be made.

Wanted

We are looking for new TSO staff. We need help in the class at lunchtime, but also help for cleaning. If you would like to help with the between-school clubs or do you know somebody, please contact Miss Roshnie via Social Schools.

We are also again looking for someone to give the toilets an extra cleaning at lunchtime. You will receive a small fee for this. If you are interested, please contact Miss Roshnie via Social Schools.

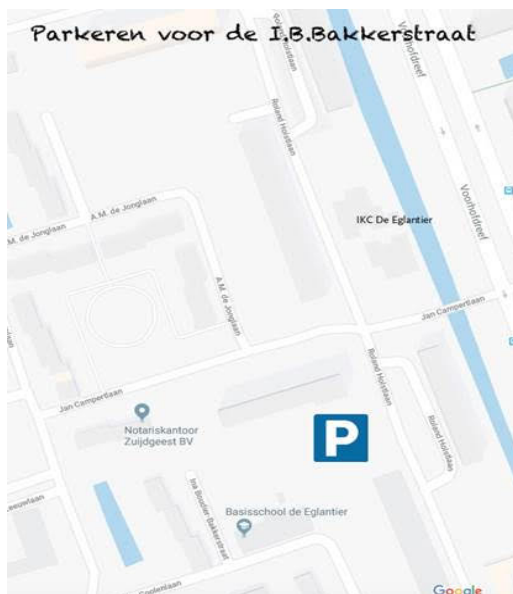

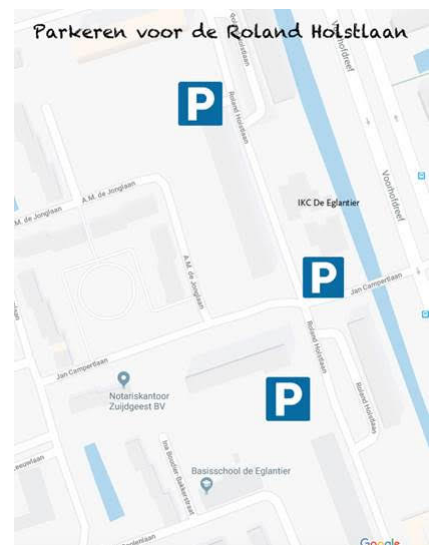

Safe traffic situation around the school

We would like to have a safe traffic situation around the school. As far as possible, children should walk or cycle to school if they live further away. If you want or need to come by car, we ask you to park in the designated parking spaces.

There is also a car park on Roland Holstlaan where there is always space.

Cars parked "just for a moment" on the crossing near the RH building lead to an obscure and dangerous traffic situation. This is also regularly checked by the police.

We would also like to remind you that for some time now there has been a ban on entering Antoon Coolenlaan on Mon-Fri 08:15 - 08:45 and 14:45 - 15:15, to promote the safety of children coming to the main building on foot and by bike. The council has conducted a survey on this and it turns out that it is always very busy and therefore unsafe.

We can all work together to ensure that every child gets to school and back home safely by all of us following the traffic rules. You will cooperate, won't you? Thanks in advance!

Picking up children at RH 917 and RH 919

At the RH buildings it is very busy during the collection of the children at 15.00. Cluttered situations arise, making it very difficult for teachers to oversee who has been collected and who has not. Please note that we cross in a line with the children and send the children to the parents in front of the flat opposite the school. We use the space in front of the flat to stand with the children and their teachers so that we can send them to the parents from there. We therefore kindly ask you not to stand on the square in front of the

school, not to sit on the coloured fences, nor to stand on the stretch in front of the flat. We cannot cross safely this way and it often results in us having to stop in the middle of the street because we cannot go any further. Hence, the stretch in front of the flat is meant for the teachers with the children. It is very crowded by then with 6 classes and their teachers. You can wait further on the pavement and we will send your child to you. Make eye contact or wave briefly so that we both know we have seen each other before sending the children. Also, discuss with your child at home that he/she should sign out with the teacher first and go to the person picking him/her up only if the teacher has said it is OK. Everyone wants to be able to take his/her child back home safely and teachers want to send every child back to their parents/carers safely. We trust that everyone is mindful of this.

New people introduce themselves

This school year, we welcome two new colleagues. Miss Hayley will be working in group B and group 7, and Miss Roshnie is our new caretaker. We wish them lots of fun and success this school year.

Below, they introduce themselves.

Miss Hayley

My name is Hayley and I was born in the North East of England. I have lived in the Netherlands for 5 years. I have previously taught for six years in London and then at the International School in Haarlem for five years.

I currently live in Den Haag, so I spend a lot of time at the beach. I also enjoy music concerts and heading to the theater.

Miss Roshnie

My name is Roshnie Bachoe Jagroep. I work at IKC de Eglantier as a janitor. I am married and have a child of 8 years old. I was born in Suriname and am 37 years old. In my spare time I like to walk and watch movies. I also enjoy cooking. In Suriname I did different administrative work in the function of office manager. I recently moved to the Netherlands. I am glad that I can work as a janitor at IKC de Eglantier. At this school there are children from different cultural backgrounds. I find that great. The best thing about this work is that I can do different jobs here. This allows me to develop and apply what I have learned in practice. What I also like at this school is working with different colleagues and parents with mutual respect. I also enjoy working with children. I hope for a good cooperation and a successful school year.

Farewell teacher Gijs

Unfortunately teacher Gijs is going to leave us. He has found a new job for 5 days at another school. Teacher Gijs will still teach at our school until November 1.

At this moment there is a vacancy. Do you know anyone? We would love to hear from you.

Duties Ms. Paula and Ms. Marly

As you may have already seen in the formation, Ms. Paula will focus even more on the educational aspect of our school starting this school year. She will do this as an education specialist. She also teaches group 6 for one day and works two days at the Pabo in Rotterdam to teach the subject of educational science.

Ms. Marly has taken over the tasks of Ms. Paula and is now coordinator English as well as coordinator primary education (for groups 1 to 4). She is present on Monday, Tuesday, Thursday and Friday at the building at Roland Holstlaan 919 and on Wednesday at Ina Boudier Bakkerstraat. If you have any questions, feel free to shoot

her. You can also email her or drop by after school!
(left Ms. Paula, right Ms. Marly)

Personal data

During the information evening, we will ask you to check your details so that we can reach you properly at all times. Please also check your details in your Socials Schools account and update them if necessary.

AVG

When children start with us, we ask you to indicate whether we are allowed to place photos of your child on the website, in the newsletter or in Social Schools. If you wish to make changes to this, you can do so by sending a message to: j.hunnego@eglantierdelft.nl (our administrative assistant). If your child is new at our school, your child will receive a form. Would you please complete this as soon as possible and return it to the teacher?

Study day in January

It is still a long way off, but in the last newsletter of last school year it was mentioned that there is a study day on January 21. This is incorrect. The correct date is Wednesday, January 24.

Wanted

With the preschoolers we will soon be working about the hairdresser.

We are looking for a hairdresser.

Who is a hairdresser by profession and would like to tell the children about this and show some things?

Can you braid hair? Teach us.

Would you like to contact your child's group teacher?

If you have props at home that we can use/lend for our hairdressing corner in the group, please bring them with your child or drop them off at the preschool department at building RH 917.

Think wigs, "hair" doll heads,

velcro rollers....

If you have magazines at home from which we, the children, can cut out many different faces with hair, please bring them with your child or drop them off at the preschool groups at building RH 917.

Wanted

We are still looking for volunteers to help in our library.
If you can at one or more times please contact
k.dendulk@librijn.nl

We are still looking for people for the following times:

Building IB:

Thursday from 14.30 - 15.00 - group 8

Building RH 917:

Monday from 9.30 - 9.50 - group 1/2 D

Monday from 10.30 - 10.50 - group 3

Monday from 10.50 - 11.10 - group 3/4

Vrienden van De Eglantier

Stichting Vrienden van De Eglantier was founded in 2014 by parents and teachers to support De Eglantier in realizing projects that cannot be realized (completely) from the normal budget, but are considered of great importance for Culture and Nature education in the child center.

If you are a Rabobank customer, you will soon be able to vote for our De Vrienden van De Eglantier again, starting September 4.

We say: DO IT!

Judo lessons

For the next four weeks, the pre-schoolers will again receive judo lessons from Lars Gouweleeuw. He will teach these judo lessons on Tuesdays. He will start on Tuesday 29 August. Our experience is that the children generally enjoy this and it is very good for social and motor development. Please note that the children with long hair have their hair in a ponytail/braid or bun and that earrings and jewellery are not practical that day.
