Family announcements

Hooray!!! Miss Theodora gave birth to a daughter. Her name is Nektaria.

Everything is going well with mother and daughter. Congratulations!

Have you found us on Instagram
([ikc.de.eglantier.delft](https://www.instagram.com/ikc.de.eglantier.delft))?

Or are you friends with us on Facebook (IKC De
Eglantier Voorhof)?

We post weekly about school, special events and fun facts.

Daycare

Miss Cheryl

Unfortunately, Miss Cheryl has to take a step back for a while. After a build up of things, Miss Cheryl is unfortunately absent. Fortunately she is doing better and we hope to see her again soon!

Parents Committee

On the 14th of March another parent committee meeting took place. We would like to share with you what was discussed.

- For the OC it would be nice to have some more parents. We are still missing parents of children who attend the BSO and parents of children who attend the playgroup (PSZ). Here is an appeal: Are you interested? Mail to oceglantier@kinderopvangmorgen.nl.

- There is no immediate problem with staff shortage, but with the long waiting list and the shortage it would be nice to have another employee.

-MORGEN can report that the price changes have not caused any major problems.

-The GGD visited the PSZ and this resulted in a good report.

-Today was the film day for new promotional material. Employees found this intensive, but are eagerly looking forward to the final product!

Do you have any questions or comments? Please email oceglantier@kinderopvangmorgen.nl.

Greetings,

Parents Committee Kinderopvang Morgen (Brigitte, Rukiye and Renske)

Education

Introductions

As you know, Miss Naji has left the school. Meanwhile we have Mr Peter who has taken over her duties. Below he introduces himself.

Hi everybody,

There has been a new concierge at the school for a few weeks now, and the kids know me as Meester Peter.

I grew up in Pijnacker. As the middle child in a family of 5 children. As a child I often liked a bit of everything. A bit of all kinds of sports, a bit of technique and building things, a bit of

caring and organizing activities, and learning from and playing games with others. I actually recognize this in my work here for IKC de Eglantier: a lot of variation and gezelligheid.

Before I came to work here, I worked at Hogeschool Rotterdam and for RSM in Rotterdam. So also in education. I live in Nootdorp now, together with Eveline. In my free time I enjoy soccer and also trained youth in this. And I really enjoy gaming and traveling.

In my life, learning about life is central. This curiosity takes me places. (Also here, to work for this school.) I like to share the perspective that we all consist of one and the same life. That we are all mankind together. I think this is important, because we sometimes seem to forget this insight, in our hectic world. But what should this mean for how we raise and educate children??? And for how we relate to each other and nature? Food for thought.

Greetings,

Peter

P.S. In this photo you can see me on holiday. A selfie with a friend and with Eveline.

Kindergarteners to the Zoo

On Friday, April 14th, the kindergarteners will visit Blijdorp Zoo in Rotterdam. We will go there by bus. For this visit to Blijdorp we need the help of parents/guardians who can accompany a group of children. More information and a sign up list will follow via SchouderCom.

Mini library

Do you happen to be tidying up and come across books that your children no longer read?

Then it might be an idea to put them in one of our new, dark green mini libraries.

Of course, you may also take out or borrow books from them.

That way many more children will enjoy the books and reading.

Books are welcome in all languages.

Free little pantry

You have probably seen them, the white "free little pantries" in the schoolyards on Ina Boudier- Bakkerstraat and Roland Holstlaan. These are designed to help each other in a simple and anonymous way. If you have some long-lasting food and/or personal care products left over or bought especially for it, you can put them in one of the cupboards. If you could use something from these cupboards, feel free to take it with you. The motto of these cupboards is:

Give what you can.

Take what you need.

Kindertuinen Delft

At the Kindertuinen Delft, children get to know nature and our food. One and a half hours per week, from April to October. They learn step by step and very practically that a vegetable garden is not just a container with some beautiful plants in it, but a living whole. That all bugs and plants work together to grow our food. Without earthworms no loose soil that plant roots love and without bees no pumpkin! In addition to nature education, we organize many other fun activities, such as herb butter making, pizza baking and a lantern parade to end the season. Enough for unforgettable afternoons in the garden from April to November. For more info and to sign up, visit www.kindertuinendelft.nl.

Meld je nu aan voor een moestuintje!

Je krijgt een eigen moestuin en je leert alles over tuinieren, de natuur en ons voedsel. Zelf groenten en bloemen zaaien, verzorgen en onbespoten oogst mee naar huis nemen. Kijk op de website voor de kosten en geef je op voor 30 maart!

[Bij Kindertuinen Delft leer je alles over moestuinieren.](#)
