Personnel changes childcare

We would like to inform you of some changes within our team:

- Farewell to Hayriye

Hayriye has been working permanently in our KDV group as a freelancer. We would like to thank her enormously for her dedication and commitment. Unfortunately, due to the return of colleague Astrid, there is no longer a place for Hayriye in our schedule. We wish her all the best for the future!

- **New colleague at KDV**
In December, we can welcome a new employee to strengthen our KDV team. This fills the vacancy that was open and our team is complete again. We look forward to introducing her to the children and parents soon.
- **Farewell to Jill.**
Unfortunately, we will also say goodbye to Jill in December. She is leaving our team to take up a new challenge. We would like to wish her the best of luck and thank her for her valuable contribution to our team!
- **New vacancy**
Jill's departure leaves a vacancy on our team. We will try to fill this position as soon as possible and will keep you informed of developments.

Signing up for the BSO holidays

The autumn holidays are fast approaching and we are ready to make it another magical week! This year our holiday theme is 'Hocus Pocus', full of excitement, magic and fun for the children.

Are you interested in childcare for your child during the holidays? Then don't forget to register your child by

this Sunday, October 13, for a guaranteed place. After this date, placement will be subject to availability.

We hope for an enchanting week together!

Announcement closure BSO at location IB

At location IB, the BSO closes at 17.45 hours. At that time, we walk together with the children of De Boomhommels to location RH, where we end the day together. Care will remain available, as you are used to, until 18.30.

Thank you for your understanding!

Invitation on behalf of the Parents' Committee
The Parents' Committee cordially invites you to a meeting on 14 October. During this evening, we will discuss important topics, including:

- **New rates of Kinderopvang Morgen**
This evening will focus on the new tariffs. We would like to hear your views and answer your questions.
- **Date and time**
The meeting will take place on 14 October and start at 19:30.
- **Location**
We would like to welcome you to the RH building at 919 Roland Holstlaan.

We hope for a great turnout and look forward to engaging with you!

Kind regards,
The Parents' Committee

o u d e r c o m m i s s i e

Update available places BSO and KDV

Good news! Due to the expansion of the BSO, spots are now available at our IKC for your child. At our BSO, we not only offer high-quality care, but also super fun holiday programmes full of activities such as:

- Creative workshops
- Sports and games
- Trips and theme days

There is also space available at our day-care centre. Are you interested in either option or would you like to know more about our childcare options? If so, please contact Richard van der Zwan, pedagogical manager, for more information.

Contact details:

- Telephone number: 06-55070087
- Email: rvanderzwan@kinderopvangmorgen.nl

We look forward to welcoming your child.

Education

Margin day and autumn holidays

Just a reminder... On Friday 25 October, all pupils are free at noon. The daycare centre will be open. If your child goes to BSO, please indicate that this is from 12.00 instead of 15.00.

Halloween with the kindergarteners

On Friday morning 25 October, the kindergarteners may come to school dressed up for Halloween. Please do not dress up too scary, no bloody costumes. This way, we will close the first period festively and this is a foretaste of the new theme, 'Time for a party', which we will work on after the autumn holidays, in combination with a bit of autumn. Reminder: the children are free at noon this day. Please also pass this on

to the babysitter or BSO coming to pick up your child.

Requested

Autumn products

Among the kindergartners, we are looking for autumn products, such as chestnuts (wild and tame), acorns, hazelnuts, beechnuts, pine cones, etc. Would you and your child also mind searching for us? Please let the nuts dry on a towel before putting them in a bag, otherwise everything will go mouldy quite quickly and we won't be able to use them at school.

Egg cartons

Kindergarten groups are also looking for egg boxes that fit 10 eggs. We need one for each child.

Wanted Play sand

Kindergarten is looking for a parent to pick up 4 bags of play sand for us from Gamma/ Praxis/ etc. Please contact your child's teacher if you are able to do so. Of course, the cost of the bags of play sand will be reimbursed to you.

Cleaning children's toilets

We are also looking for someone to give the children's toilets an extra cleaning at lunchtime. You will be paid a small fee for this. If you are interested, please contact Miss Roshnie via Social Schools.

Learning to get dressed and undressed in kindergarten

Will you help?

Would you please practise dressing and undressing with your child at home? For example, practising putting shoes on and taking them off, fixing the sleeves of a jumper or

jacket so that they are not inside out. Same with trousers. Opening and closing a zip, buttons... This is not learned in 1

day, but regular practice is nice. Of course, the teachers lend a hand where necessary, such as tying laces, etc. We also encourage the children to help each other, but the more children who can do this independently, the more time is left over for our PE lessons, outdoor playtime, etc.

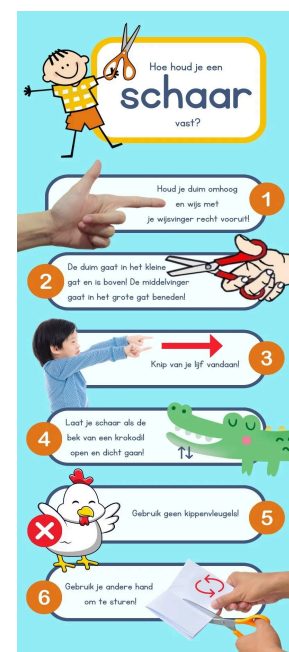

Cutting with scissors

Please help your child practise cutting with scissors.

We see big differences among the children in handling scissors and 'cutting' with them. Do you practise at home? There is nothing better than cutting snippets and then sticking them on with a brush and glue.

Moreover, cutting is an important skill that you use regularly. Not only for cutting paper, for example, but also for better learning of other skills. Cutting requires coordination where both sides of the body have to work together and it requires fine motor strength in the hand, thumb and fingers. You also need all these skills for, among other things, learning to tie laces, button a coat, twist a lid on your cup, develop good handwriting, etc.

FLL has started

Once again this year, a group of enthusiastic children from 7 and 8 are taking part in the First Lego League. On Sunday mornings, under the guidance of very enthusiastic parents, the group works on missions that the robot performs. In

addition to the missions, a research project has to be carried out and the children come up with their own innovation project. The Delft final will take place in January 2025. We will keep you updated on the progress and state of play.

Work week for group 8

The 47 children from group 8 enjoyed a great work week at the end of September.

There was a good atmosphere and a fun, varied program. During the four days, the children were in Bennekom and there was a lot of playing, learning, cycling and laughing. A film of the whole event has been created and was shown to the children and their parents last Wednesday evening.

IKC guide and IKC calendar

At the beginning of the school year you received the IKC calendar. You can now also find it on the website, as well as the IKC guide.

<https://eglantierdelft.nl/ouders/schoolgids-en-kalender>

School Photographer

Friday, November 8, the school photographer will visit. All siblings attending our school will be photographed together during school hours, and this will be arranged by us. If you want your other children, who are not in our school, to also be photographed together, you can do this before school from 7:30. More information will follow shortly.

Mother Tongue Reading and Children's Book Week

Last Wednesday we did Mother Tongue reading with the preschoolers and groups 3, 3/4 and 4. We had a huge number of parents and grandparents visit to read aloud in the native language spoken at home. The children were divided into small groups and read aloud in up to 18 different languages.

Reading aloud is very important for the language development of (young) children. It lends to an increase in their vocabulary and sentence structure, and trains their listening skills. Their pleasure in listening, and later reading books themselves is increased in this pleasant way. We would like to thank everyone who came to read to us and we hope to see you again next time.

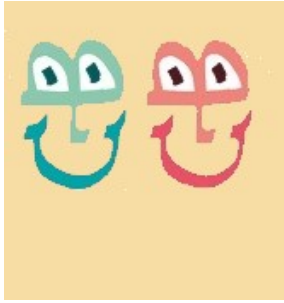

Following this, we opened Children's Book Week on Wednesday, October 2. DOK also has a fun program during Children's Book Week, which lasts from October 2 to 12. You can view this program via the link below:

<https://dok.op-shop.nl/ingang/kinderboekenweek/>

Applications

If you already have one or more children at our school, please be quick to register siblings. Our list with applications for children who will turn 4 before October 1, 2025, is already full. You can only put your child on the waiting list. This means that your child can only be placed if a place becomes available. If your child was born on or after October 1, 2021, there is still space on the application list. You can send a message through Social Schools or send an email to: directie@eglantierdelft.nl

Culture barbarians, from Saturday, Oct. 26 to Sunday, Nov. 3 (the fall vacation), elementary school age children can once again enjoy culture in Delft at more than 20 locations throughout the city. The theme of this year's Cultuurbarbaren is "Is that allowed?". The theme ties in with the children's book week and shows exactly what Culture Barbarians stands for: discover culture by doing, experiencing and living. Occasionally outside the lines, not

too patronizing and not too serious. A little mischief is allowed! As the Magdat family in the children's program Rembo & Rembo in the 1980s asked (and today's parents probably still remember), "Is that allowed?"

No fewer than 26 Delft cultural organizations are opening their doors wide to young Culture Barbarians during this 5th festival edition. The updated website www.cultuurbarbaren.com features the complete program. All children also received a paper program booklet this week.
