Maelynn	gr. D
Tara	gr. C

## Notifications

### Daycare

#### Preschool

We said goodbye to some toddlers at the preschool last term. They are all ready for primary school, good luck at primary school! As a result, a number of new toddlers have also joined us. Welcome new toddlers!

#### **BSO autumn holidays**

The autumn holidays are approaching and the BSO is busy finalising the programme. You will soon receive this. Don't forget to register your child(ren) for the holidays.

## Daycare theme Autumn

The daycare staff have created a very diverse activity programme for the children on the theme of Autumn. They will be working on this in the coming weeks. You can find the activities on the daycare's information board.

## Education

### Working week group 8

The 45 children from group 8 enjoyed a great working week last week. Contributing to this was the good atmosphere and the fun, varied programme. For four days the children were in Bennekom where they played, learned, cycled and laughed. A film of the whole event is in the making and will be shown on Wednesday evening, 19th of October, to the group 8 children and their parents.

You can see a preview on YouTube:

[▶ Introductie werkweek 2022](#)

Below you can see a report of the work week written by the children from group 8

### Work week

#### Day #1 Monday (the first day)

Monday we arrived in Bennekom. And went in groups to play games. For dinner, we made wraps to take to the wildlife safari. Then we cycled to the wildlife safari in the rain and saw deer chasing hinds. And cycled back again and at the house we had another bowl of soup.

#### Day #2 Tuesday

Tuesday we were supposed to go to the Open Air Museum but that didn't happen because it started raining cats and dogs. Instead we went to the Royal Burgers Zoo, and saw many beautiful animals. And in the evening we had delicious fried rice.

#### Day #3 Wednesday

Wednesday we stayed at the house. After breakfast we had a nice walk through the forest. We also had a visit from Mr Gijs who did archery tag with us. For lunch we had pancakes. We were also taught by Mr Peter from the Kröller Müller Museum. And late in the evening when the sun had already set, we played laser-game in teams.

#### Day #4 Thursday (the last day)

On Thursday, when we had to get up at 7am, we cleaned our rooms and packed our bags. And cycled to Oosterbeek to visit the Airborne museum. And we listened to the impressive story of Mrs Thea who had experienced the Second World War. Afterwards, we visited the cemetery where people lie who died at

the Battle of Arnhem. For dinner, we ate a bowl of soup and a bun of frankfurters. Finally, the teachers took us back to the school where all the parents were waiting for us.

Written by Nika and Lina

### Study day

Last Friday, the education team had a study day.

We started by looking back at our study trip to Stockholm and how we put learning at the centre of our IKC. Then there was a guest speaker who took us through the subject of Learning Conversations. Why do you conduct them, how do you conduct them?

The afternoon programme was diverse. The kindergarten groups focused on learning through play. The new teachers were briefed on the basics of play-based learning in kindergarten groups. The teachers who had already done this part went on to implement it by making a quality chart. The group 3 teachers also continued with the basics of playful learning in group 3. Groups 4 to 8 worked on implementing independent working in the classroom.

### School photographer

Friday, 4th of November, the school photographer will come. All siblings attending our school will be photographed together during school hours. We will arrange this. If you would like your other children, who are not at our school, to be photographed together as well, please do so

before school from 7.30 am. You will receive more information after the autumn holidays.

### Hak pots

For a small project at school we are looking for large empty HAK pots, of +/- 700 grams, with a lid. It can also be from another brand, but with the same model and size. They can be handed in to the teachers Myra (RH), Yvonne K. (RH) and Evelien (IB) before the autumn break.

### Wanted

We are looking for someone who is able to get 8 to 10 bags of play sand for us at, for example, Gamma, Praxis, etc. Please keep in mind that the bags of play sand weigh quite a bit (usually 25 kg each). Are you in a position and would you like to help us? Please report this to the kindergarten teachers.

We are also looking for chestnuts, acorns, clean, dry leaves, beechnuts, husks, etc. for kindergarten. Are you and your child also looking? Your child can bring these items to school. We can use them for fun and educational activities in the class.

### IKC guide and IKC calendar

At the beginning of the school year, you received the IKC calendar. You can now also find it on the website, as well as the IKC guide.

<https://eglantierdelft.nl/ouders/schoolgids-en-kalender>

## Mother Tongue Reading and Children's Book Week

Last Wednesday, we did Mother Tongue reading in kindergarten and groups 3, 3/4 and 4. We had a huge number of parents and grandparents visiting to read aloud in their mother tongue language spoken at home. The children were divided into small groups and read aloud in as many as 28 different languages.

Reading aloud is very important for the language development of (young) children. They develop their vocabulary and sentence structure this way. It also trains their listening skills and increases their pleasure in listening to and later reading books themselves. We would therefore like to thank everyone who came to read aloud and we hope to see you again next time.

Following this, we proceeded to open the Children's Book Week the following Wednesday. The children were allowed to come to school dressed "green", as the theme of Children's Book Week is Gi-Ga Green. Various activities were done, there was dancing to the Gi-Ga-Green song and there will be extra reading aloud moments in the coming period. DOK also has a

fun programme during Children's Book Week, which lasts from 5 to 16 October. You can view this programme via the link below:

<https://dok.op-shop.nl/ingang/kinderboekenweek/>

## Maternity/baby items

We have a parent who has maternity/baby items that are no longer being used.

Could you put this to good use, please email [directie@eglantierdelft.nl](mailto:directie@eglantierdelft.nl)

## Culture Barbarians

During the festival, children are introduced to culture in a low-threshold and fun way. The festival makes culture accessible and fun for everyone through a very diverse programme for children of different ages, low prices and activities every day of the week at 20 different locations. Thus, in terms of budget, travel time and interest, there is an activity for every child. In short, keep the Culture Barbarians coming!

### Ticket sales

Tickets are on sale online at [www.cultuurbarbaren.com/programma](http://www.cultuurbarbaren.com/programma).

Tickets are required for both paid and free activities. More information about the festival can be found in the programme booklet that every Delft primary school child will take home and at [www.cultuurbarbaren.com](http://www.cultuurbarbaren.com).

### Info

For whom: primary school children 4-12 years old

Where: 20 cultural locations in Delft

When: Saturday 22 to Sunday 30 October 2022 (autumn holidays)

Tickets: online via [www.cultuurbarbaren.com/programma](http://www.cultuurbarbaren.com/programma)

Costs: there are free activities up to a maximum of € 10,- p.p.

## Flyers

If you scroll further down you will come across some more interesting flyers about a meeting group for children, The Poppy and hockey.

**DELFT  
VOOR  
ELKAAR!**

## Ontmoetingsgroep voor kinderen van 8 - 12 jaar

# Brusjes (broers en zusjes)

Hoe is het om op te groeien met een broer of zus die een beperking heeft? Alle meisjes en jongens in deze gezinnen weten dat. En het is fijn om andere kinderen met dezelfde soort ervaringen te ontmoeten en van elkaar te leren.

Delft voor Elkaar organiseert *Brusjes-groepen* voor kinderen met een bijzonder broer of zus. Brusjes staat voor broers en zusjes.

### Programma

Een Brusjesgroep komt vijf keer anderhalf uur bij elkaar. Door samen spelletjes en andere leuke dingen te doen, praten de kinderen over verschillende onderwerpen:

- Hoe is het om een broer of een zus met een beperking te hebben?
- Hoe ziet jouw gezin er uit en welke plek neem je in je gezin in?
- Wie zijn je vriendjes en vriendinnetjes en hoe ga je met ze om?
- Wie ben jij en wat zijn jouw kwaliteiten?

Lotte: "Ik ben blij dat ik nu andere kinderen ken die me snappen. Ik heb er ook twee vriendinnen bij en binnenkort spreken we met elkaar af."

### Waar en wanneer

Start        voorjaar 2023  
              bij voldoende aanmeldingen

Locatie    De Wipmolen  
              Prof.Krausstraat 71 B

## **BRUSJES welkom bij de PAPAVER !**

**9 november 2022  
14:30-17:00 uur**

In de week van 7 -11 november wordt de Week van de Mantelzorg georganiseerd door Delft voor Elkaar. Op woensdagmiddag 9 november is er een activiteit voor Brusjes van 8-12 jaar in de Papaver, Korftlaan 6 in Delft. In 2023 wordt er weer bijeenkomsten voor een Brusjesgroep georganiseerd. Op 9 november kunnen de kinderen hier informatie over krijgen, kunnen zij zelf vertellen hoe het is om een brusje te zijn en gaan we een leuke activiteit bij de Papaver doen. Het zal zeker een gezellige middag worden! Kinderen mogen een vriendje of vriendinnetje meenemen 😊 Verdere informatie volgt binnenkort, houdt de (sociale) media in de gaten!

Aanmelden en info kan alvast bij Astrid Bleumer
