Family announcements

Hooray! Teacher Hayley has given birth to baby son Odin. All is well with teacher Hayley and Odin. Congratulations!

Have you found us on Instagram
(ikc.de.eglantier.delft)?

Or are you friends with us on Facebook (IKC De
Eglantier Voorhof)?

We post weekly about school, special events and fun facts.

Notifications

Daycare

Save the date!

Important dates in the upcoming period

On Wednesday 29 January, there will be an IKC study day. Education and daycare will have a joint study day on that day. This means that both school and daycare will be closed.

Half day: Friday 21 February

On Friday 21 February, there will be a margin afternoon. The children are free at 12 noon on that day. Daycare will be open, but we ask you to request childcare from us in good time if necessary. We also ask you to cancel your child in time if he or she does not come. This helps us to properly arrange staffing for the day. Following this, spring break starts on Monday 24 February. School will start again on Monday 3 March.

Spring break BSO: Cultural festivities!

Our BSO staff are busy preparing for spring break. The theme this time is 'Cultural festivities'. A week full of festive activities, fun and good food. The exact content will remain a secret for a while, but you will receive the full programme on Friday 24 January.

Would you like to take advantage of holiday care?

Then sign your child up quickly via the parent app.

We are looking forward to a festive and fun week!

Improvement meter: your opinion counts!

Your opinion helps us to keep improving the quality of our care. At various times in the year, we send the improvement meter via e-mail. Do you receive it? If so, please take a few minutes to fill it in.

We ask questions on topics such as communication, supervision, activities and the atmosphere at daycare. Your feedback helps us to further improve our services.

Request for extra clothes

At out-of-school care 4 to 7 years, we are looking for some spare clothes. If you have clothes left over at home or

clothes that no longer fit your child, you will make us very happy. You can hand it in at BSO Weidehommels.

Start of our new IKC employee

On Monday 3 February, Hajer will start as our new IKC employee. She will be active within toddler care, after-school care and education. This means that the children will encounter Hajer at different times of the day.

We are delighted with her arrival and look forward to a pleasant cooperation. As soon as Hajer has started, she will introduce herself to you via the parent app.

Welcome to our team, Hajer!

Education

For the agenda

Wednesday 29 January is an IKC study day. Education and daycare will have a joint study day then. This means that school and daycare will be closed.

Friday 21 February is a half day. The children are free at noon. Childcare will be open. If you do not come to pick up your child yourself, please inform the day care centre, babysitter, etc. that your child needs to be picked up at noon.

Following this, spring break starts on Monday 24 February. School will resume on Monday 3 March.

Play afternoon/evening kindergarten groups

On Wednesday 12 February, the kindergarten groups will perform their annual play.

This play is based on the theme we are working on.

This year's theme is 'Dinosaurs'.

In class we will be working on dinosaurs, reading the story aloud, dividing the roles, crafting the set and practising for our performance. We will also practice a few times on the real stage in

our IB building. In a while you will receive more information about the times the four groups will perform, what role your child will have and what clothes your child should wear. We will send this via Social Schools. Please put the date in your diary in advance. Please note that the times differ from school hours. As there are four groups on a day, the times will vary from sometime late afternoon and early evening.

Introduction

Teacher Michaela is currently on maternity leave. Fortunately, we have found a fine colleague who will take over the PE lessons. Below he introduces himself to you.

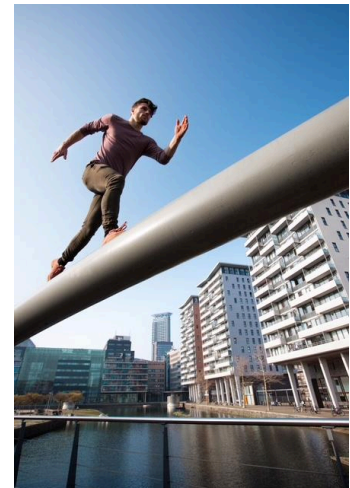

Dear parents,
I would like to introduce myself to you! My name is Kevin Alsemgeest and from now on I will be teaching your children on Mondays and Tuesdays.
Sport and exercise play a big role in my life. I am a former professional freerunner and was able to achieve a wonderful 3rd place at the World Cup in Japan in 2019. Besides my sports career, I worked as a top sports coach at JUMP Freerun, where I guided young talents to push their limits and discover their potential. After graduating from HALO, I worked at ROC Mondriaan as a teacher of Sport and Exercise and as a Club Kader Coach at Rotterdam Sportsupport, where I supported sports clubs in creating a safe and enjoyable sports climate.

Currently, I am actively working on my own company Urban Basic, an organisation focused on building vital and connected communities through Urban Sport. We believe in the power of movement to make people stronger physically, mentally and socially by training authentic role models.

In my spare time, I enjoy my family. Together with my girlfriend and our four-month-old daughter, we try to make every moment into something special.

I am really looking forward to working with your children, inspiring them and watching them grow, not only in sports, but also as individuals. If you have any questions, feel free to speak to me! You can reach me at kevin@urbanbasic.nl or at 0618703065.

With sporting regards,
Kevin Alsemgeest

Introducing: the Parent Council!

The Parent Council is an enthusiastic group of parents committed to making our school a great place for all students and parents. Each member of the Parent Council has his or her own talents and ideas. In upcoming newsletters, we would like to introduce our members to you! This time part 2 in 'Introduction'.

Name: Patricia Berghenhenegouwen

Age of my children and which group(s) they are in:

Six children, 2 of whom are currently at De Eglantier. Kaitlyn is in group 7 and Avery is in group 5.

Why I am a member of the Parent Council:

'I enjoy helping with the children's developments, thinking along to make the activities even more fun.'

Favourite activity school :

School photographer : Seeing the children grow every year and being photographed at their best.

Group 8 : Every year group 8 gets a thank you gift before they leave our school, always nice to think along what we can gift them as a memento of the fun time at our school and bring it out.

Ice creams : every year an ice cream van comes to make the children happy again for their hard work at the end of the school year, an extra merit for the children

Something fun/personal about myself:

I work as a catering assistant in secondary schools.

I also enjoy taking photos, think portrait photos and sports photos.

I enjoy doing crafts and playing games with the children.

Name: Annemieke Poot

Two children, Stef group 5/6 and Kiki group 3/4

Why I am a member of the Parent Council: I enjoy thinking about activities done at and from school.

Favourite activity at school: This year, I helped with 'the school photographer' for the first time. I really enjoyed doing this. This way I get to know many children, including those from my own children's classes.

Something nice/personal about myself: 'I work at the ROC Mondriaan, as an internship supervisor. In my spare time, I like to go out with friends but also with my family. From museum to a walk in the woods or a fun outdoor playground.'

Photos of activities

As you know, photos are taken of the various activities that take place here at school. Think, for example, of the theatre evenings, the group 8 musical, the sports day, Saint Nicholas party and the Christmas musical. You can view the photos via a link provided in Social Schools. As space in the cloud is not unlimited, at some point the oldest photos are deleted. If you want to keep the photos, you can download the ones you want. This ensures that you can continue to view the photos in the future.

Message from DOK

Winter time! Reading time!

Also for group 7 and 8.

Is it dark and cold outside? Then reading aloud is extra cosy! Wintery stories or something sunny? DOK has it all. But reading to children from group 7 and 8? Surely they don't have to, they can already read by themselves? There are a lot of reasons to keep doing it.

Why keep reading aloud?

You are doing something together with your child; always fun!

You can read more difficult books than your child can read themselves; good for their vocabulary.

You can talk about it together; helps with better understanding of stories and reading comprehension.

What to read aloud?

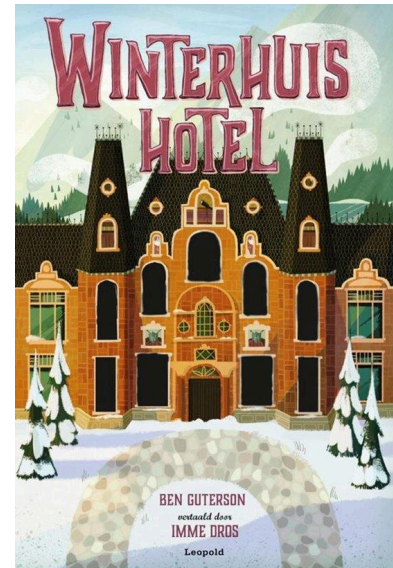

DOK often gets questions about what to read to older children. Some tips:

Let your child choose for themselves

Ask what books your child likes and find something in that genre.

Ask a DOK staff member for help

Drop by DOK and pick a book together.

Neighbourhood Families

Under the motto 'Parenting is something we do together', Buurtgezinnen pairs families who could use support with a stable family in the neighbourhood. This way, children get some extra love and attention and parents are relieved. Would you like to know more about this? You can find out more via the link below:

<https://www.buurtgezinnen.nl/>

Happietaria Delft opens its doors in Foundation Stunt on 5 March!

We are Happietaria Delft. A pop-up restaurant where all proceeds go to a good cause: Tearfund. Our restaurant runs entirely on volunteers, allowing us to raise as much money as possible for charity. You can join us and order a delicious three-course dinner for a reasonable price. You can make reservations in advance on our website. We will be open every Wednesday, Thursday, Friday and Saturday

in March at the Stunt Foundation building at 307 Vulcanusweg. Hope to see you at the restaurant!

Visit our website to make reservations: www.happietaria.nl/delft

Follow us on instagram, linkedin or facebook: @happietariadelft

Piano lessons

Are you interested in your child's musical development?

This year, music teacher Ms Olga Dianova has some free spots for piano/music lessons for your child.

She has years of experience teaching children and also adults.

Are you interested? Then it is possible that your child can have a piano/music lesson after school from the age of 5. These lessons last 30 or 45 minutes, depending on the child's development, and are given in the piano teacher's studio. The

studio can be found at Spechtstraat no 15.

During these lessons, attention is paid to:

- * hearing and voice development
- * singing at the right pitch, not speaking the song
- * rhythmic development
- * learning notes in a playful manner

The substantive goal the teacher wants to achieve is to teach children to play the piano.

The cost of the music/piano lessons is:

€17 for the 30-minute lesson, €22 for the 45-minute lesson.

You can contact via email: olgavangennip@gmail.com, call or Whatsap to: 06 55 34 69 59.

National Reading Days at DOK

Discover how much fun reading aloud is! During the National Reading Days from 22 January to 1 February, there is lots to do at DOK. Especially for children aged 0 to 6 and (grand)parents or caregivers.

Reading aloud is for everyone. At DOK there is reading in other languages, but there are also special moments for hearing-impaired and visually-impaired children.

DOK de bibliotheek van Delft

Free activities!

There are plenty of free activities during the days. Both outside and during school hours.

Come, for example, to the funny performance 'Beware of the bum' or join the story 'The knight without a bottom'. Take a look at the inspiration page full of fun activities and reading tips via dok.info/nationalevoorleesdagen. Or directly check the DOK agenda with all activities surrounding National Read Aloud Days at DOK.

Why this focus on reading aloud? Children enjoy reading aloud, but they also learn many new words, listen longer and understand texts and stories better.

Want to know more?

Want to know more about DOK? For example, how to join the library? Then check out dok.info. See you at DOK during the National Reading Days!
