## Disney Christmas holiday BSO

## Education

### Best wishes

In this first newsletter of the new calendar year, we would like to wish everyone a good, educational, happy and healthy 2024. We hope everyone had happy days.

### Inspection visit

On Monday 15 January, the Education Inspectorate will visit our school.

During the visit, the quality of education at our school will be assessed in the following areas: Basic skills, Views on development and guidance, Pedagogical-didactic practices, Safety, Results, Vision, Ambitions and goals, Implementation and culture of quality, Evaluation, accountability and dialogue. This visit will take place throughout the day. The inspection will go into the classrooms, interviews will take place with pupils, parents, external partners, teachers, the internal supervisor and management. At the end of the day, we will receive an assessment at school level. A few weeks later, we will receive a report on the day. We will keep you informed.

### Miss Petra

Just after the summer holidays, Ms Petra was diagnosed with breast cancer. She immediately started treatment. We can tell you that Ms Petra is making good progress with her treatment and is looking to the future with full confidence. At the beginning of this school year, Miss Petra still visited occasionally, but at the moment she is more susceptible to germs and prefers to stay at home. When the time is right, we hope to welcome her back to school.

### Safe the date

The next coffee morning will take place on Wednesday 31 January at 8.30 in the IB building. ### **Introduction**

From Monday 8 January to Friday 22 March, we will have two Spanish interns at our school: Gerard and Marta. They are both studying at UVIC and following the bachelor's degree 'Early Childhood Education and Primary School Teaching, Majoring in English'. This means they are being trained to teach (English) in primary schools.

Below, they introduce themselves to you:

#### Gerard

Hello everyone, my name is Gerard and I will be in the IKC Eglantier for about two and a half months. I am 23 years old and I come from a tiny village called Vilobí d'Onyar, located in Catalonia, Spain. I describe myself as a funny, optimistic and emphatic person, who always has a smile on his face and loves to help others. Apart from loving the idea of being a teacher, I always try to disconnect from my daily routines doing sports such as football or running, hanging out with my friends or going to the cinema. Due to finishing my double degree in infant and primary education majoring in English, the last practicum needed to be done at an international level to prove my language capacities. I could choose which country I

wanted to go to and I always had the idea of being here, in The Netherlands. My main goal is to make a good impact on students and to teach and learn from them at the same time, to not grow only as a teacher but also as a person.

New people, experiences and learnings will come these months and I am excited to do my best to have a great stay here in your school.

#### Marta

Hello,

My name is Marta Parés and I am 22 years old. I live in Taradell, a small town located one hour from Barcelona (Spain). I consider myself a responsible, organized person with the ability to improvise a change at the last moment. Moreover, I look for the positive things to facilitate a pleasant and welcoming atmosphere.

I am in IKC De Eglantier Voorhof for about two months and a half to do an internship, as I am studying the double degree of Early Childhood and Primary Education majoring in English in the University of Vic (Spain). On Tuesdays, I will be in group A and on Wednesdays, Thursdays and Fridays in Years 3 and 4, doing English. I chose living this experience in The Netherlands because it is a country that I really like and I am interested to know its culture.

I am very motivated to do this practicum, as it allows me to learn about an educational system different from the one of my country, a new culture and to practice English, a language I have been studying since I was 6 years old. I am sure that I will learn a lot of new things from this experience that will be very useful for my professional future.

### **Wanted**

In kindergarten we are looking for underwear to use when children have peed their pants. We are looking for different sizes so that we have spare underwear for both the smaller and the larger children. Do you have any underwear at home that you no longer use for your child? You can hand it in to the teachers at RH 917.

### **Reminder after-school activities**

On Social Schools last Monday, you saw a new offer for after-school activities. Cooking, yoga, video making, Indian music classes. Unfortunately, the chess course is already full. You can still register your child(ren) for the other classes.
